

Config CIMNE Address Book in Thunderbird

The CIMNE address book is only accessible if you're in the CIMNE computer network.

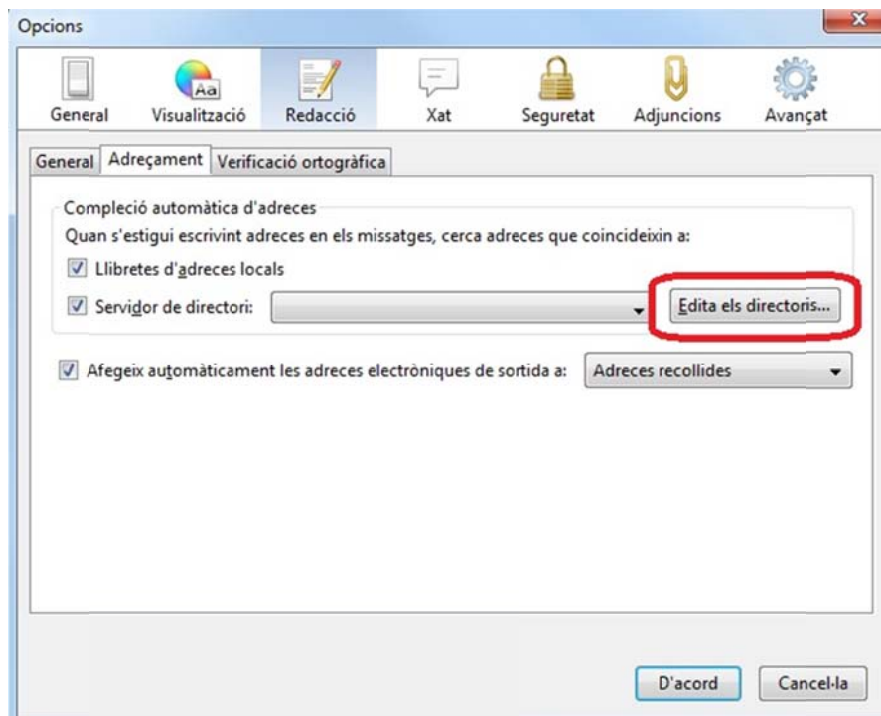

1. Open Thunderbird and go to *Tools > Address Book*

2. In the new screen, go to *Tools > Options*

- From *Addressing* tab, check *Directory Server* and click on *Edit Directories...*

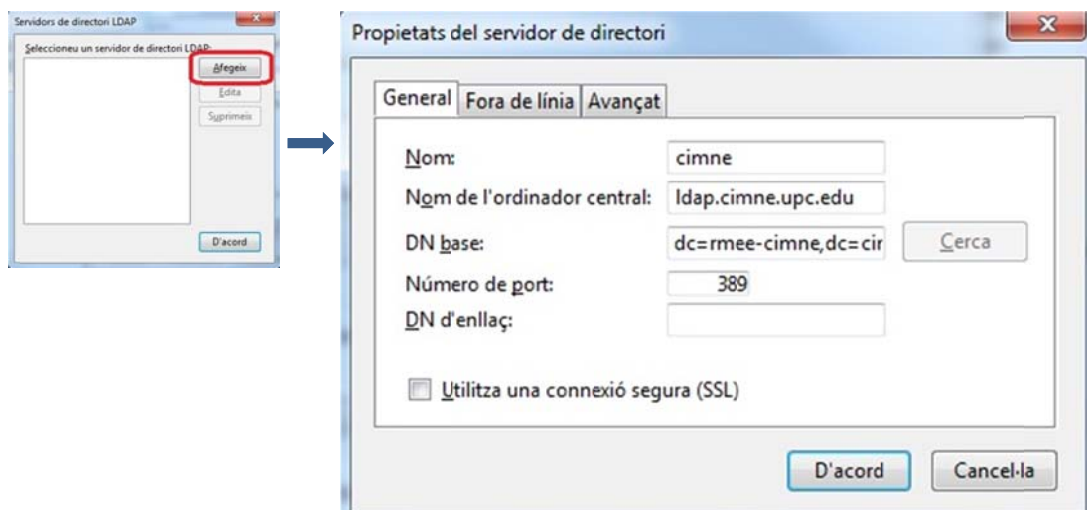

- Click on *Add* and type this values:

Name: cimne

Hostname: ldap.cimne.upc.edu

Base DN: dc=rnee-cimne,dc=cimne,dc=upc,dc=edu

5. Click Ok, and in the screen of 3th step, select the new address book as default.
